BEGONIA PALMIFOLIA - Upright, with finely shaped leaves for arrangements	1.00
BEGONIA ULMIFOLIA - The brightest green of all begonias, fine for shady	75
windows	• 75

All plants travel at customers risk. We suggest that all buyers allow 60ϕ for parcel post with special handling, as we never have complaints when plants are shipped in that way. We pack with great care and expense to have all stock arrive in good condition.

Many of these plants are very scarce and unusual, often very slow to propagate so sometimes it is necessary for your order to be held up until rare items.
